Dear Mr. Cooper:

Re: Stone Quarry, Box Elder County, Utah

Enclosed is a Declaration of Exemption (DOE) Form that you should fill out and send back to this office in care of Frank Filas. I've also enclosed a draft of the proposed new filing requirements for mine operations that will disturb less than five acres during the life of the operation. This draft is included for your information so that these new filing requirements will not catch you by surprise when they go into effect. Since you plan on mining an already existing quarry, it is critical that you document with pictures and maps the present conditions on site. You will not be held liable for reclamation of any area that you do not redisturb.

Sincerely,

Frank J. Filas  
Reclamation Engineer
